Stellar Spa Launches Junior Esthetic Program

Up and Coming Professionals Perform Premium Treatments at Reduced Rates

Corte Madera, CA (November 2004) – Stellar Spa, award winning providers of unique and innovative spa treatments and purveyors of natural skin, bath and body care products, proudly introduces the Stellar Spa Junior Esthetic Program. As a reflection of the commitment to the future of skin care professionals, the Junior Esthetic Program has been designed for clients to enjoy quality world-class Stellar Spa services performed by up and coming Licensed Estheticians, while saving 20% or more.

The Junior Esthetic Program is designed for Licensed Estheticians who have recently graduated from a comprehensive esthetic program and have demonstrated a passion for excellence, an intense desire to learn, and the knowledge, professionalism and natural ability to become an exceptional skin care professional. For the consumer, this innovative program opens the doors to clients and their families who want regularly scheduled high-quality skin care but may not be able to afford premium-priced services.

Under the expert guidance of Dana Vande Weg, Co-Owner & Esthetician of Stellar Spa, our Junior Estheticians learn the finer points of providing consistent, world-class services,

- MORE -

while expanding their knowledge about professional skin care analysis and products, cosmetic chemistry, and skin histology as they work towards a Senior Esthetician position. The Junior Esthetic program fills an important void in the industry, allowing recent graduates to get structured hands-on experience while receiving mentorship support as they build their careers. The Junior Estheticians work from a specially selected menu of services to offer facials, mini-facials, waxing, makeup, and Stellar Spa's award winning customer appreciation services. The facial and mini-facial services are priced at a savings of 20% or more than those provided by the Senior Estheticians. It is with our full promise of quality and dedication to excellence that we offer this innovative program to our devoted spa community, and embrace the opportunity to provide for the professional growth of beauty professionals throughout Northern California.

Stellar Spa is a leader in the development of innovative all-natural skin, bath and body care products, and in providing a world-class spa experience and the latest in therapeutic, relaxing spa treatments to men and women. The company's 4,500 square foot spa facility located in Marin County, California, offers an environment that is sophisticated, elegant and relaxed.
